NATURE LOVING KIDS

PENGUIN

Friendly · Smart · Curious

FUN FACT!

Penguins cannot fly,
but they are amazing swimmers!
They slide on their bellies
and dive to catch fish.

The World is

FULL of Wild Wonders

FLAMINGO

Friendly · Smart · Curious

FUN FACT!

Flamingos are born gray or white.
They get their pink color
from the food they eat!

They stand on one leg to stay warm
and save energy.

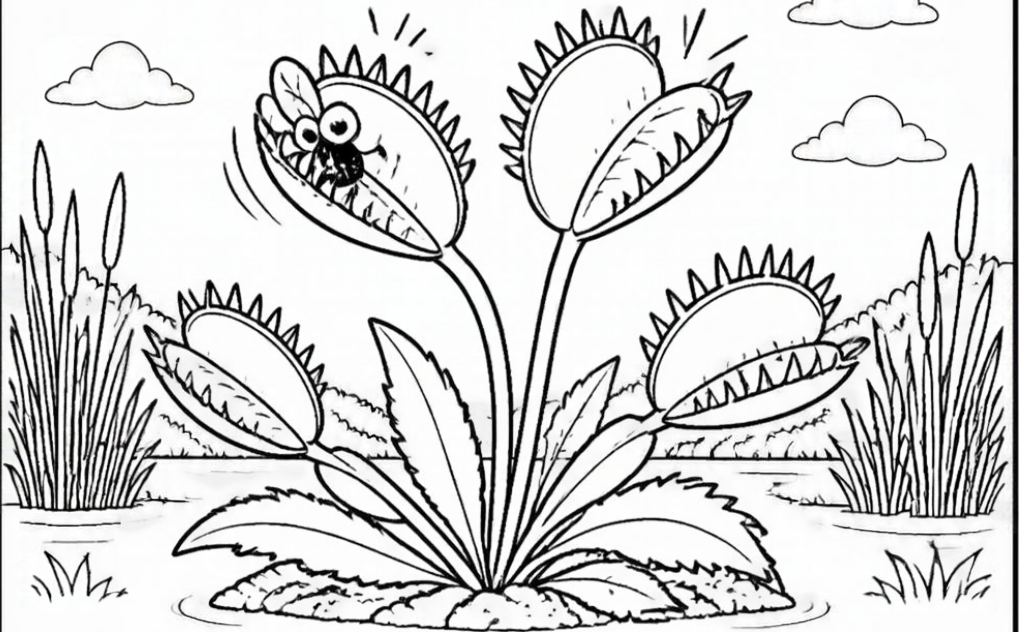

The World is
FULL of Wild Wonders

NATURE LOVING KIDS

VENUS FLYTRAP

Friendly · Smart · Curious

FUN FACT!

Venus flytraps catch bugs to get nutrients from places where the soil is poor.

Tiny hairs inside the trap feel movement. After two touches, the trap snaps shut in less than a second!

It takes several days to digest the bug and then opens again.

The World is

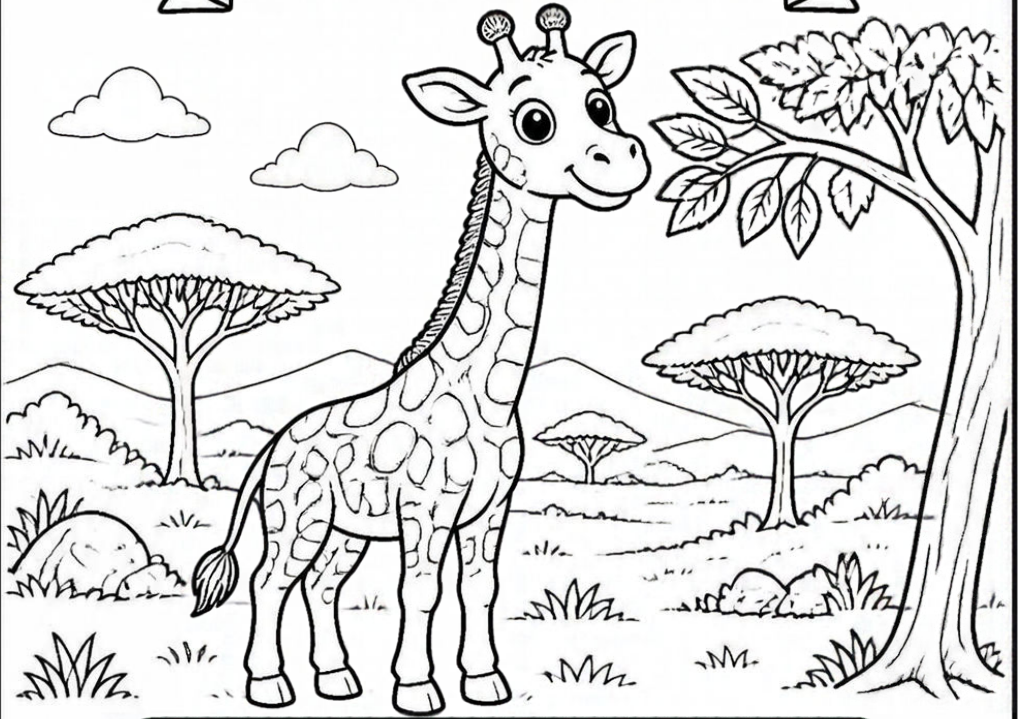

FULL of Wild Wonders

GIRAFFE

Friendly • Smart • Curious

FUN FACT!

Giraffes are the tallest animals on Earth! Their long necks help them reach leaves high up in trees.

They have special tongues that can be up to 18 inches long!

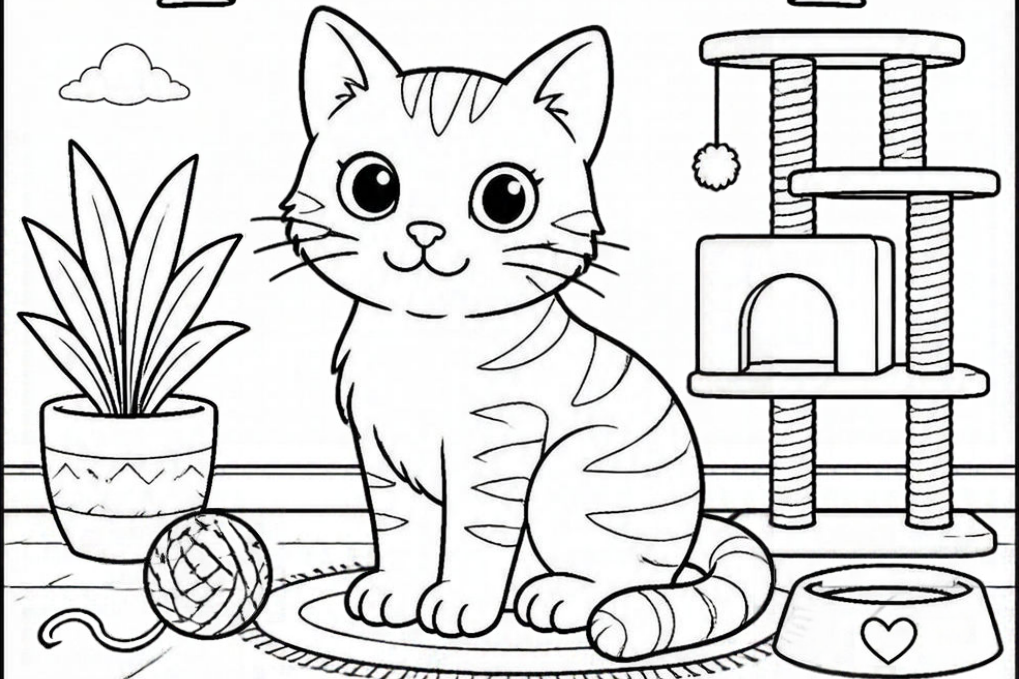

Giraffes sleep standing up and only need a few minutes of sleep at a time.

The World is
FULL of Wild Wonders

CAT

Friendly • Smart • Curious

FUN FACT!

Cats have over 30 muscles in each ear that help them hear amazing sounds!
They can jump up to 6 times their body length!

Cats spend about 70% of their lives sleeping—that's around 13-16 hours a day!

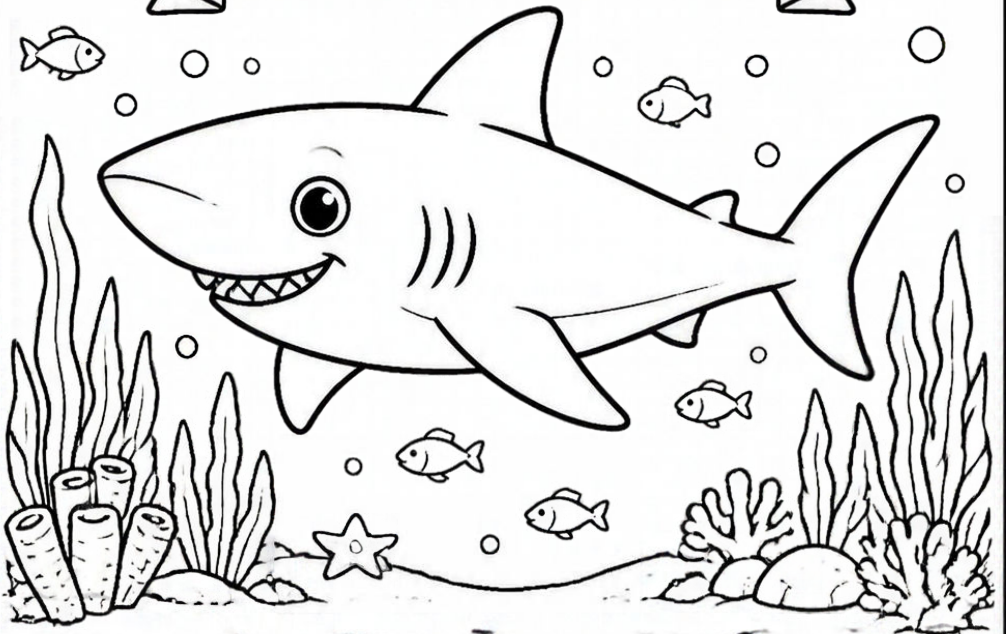

The World is
FULL of Wild Wonders

SHARK

Curious • Powerful • Important

FUN FACT!

Sharks can sense electricity!
Some sharks can even glow in the dark.

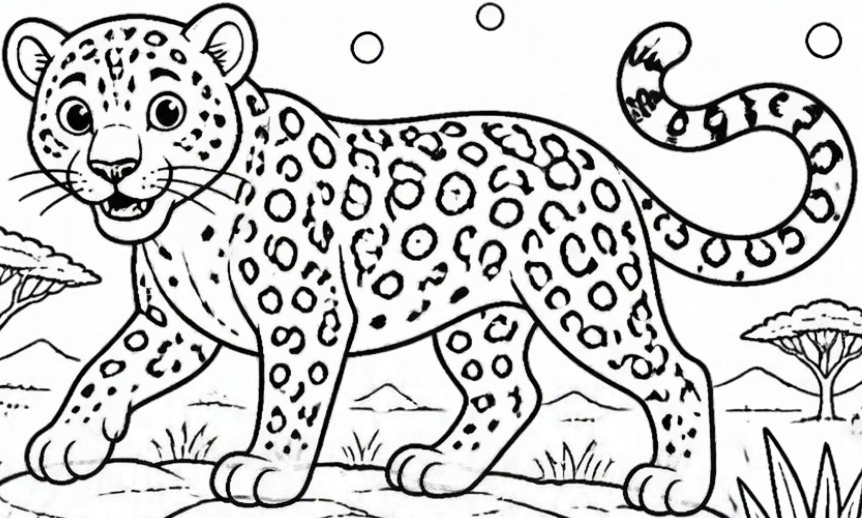

The Greenland Shark may live for 400 years or more!

The World is
FULL of Wild Wonders

LEOPARD

Adaptable • Agile • Amazing

FUN FACT!

Leopards can carry animals heavier than themselves up trees!

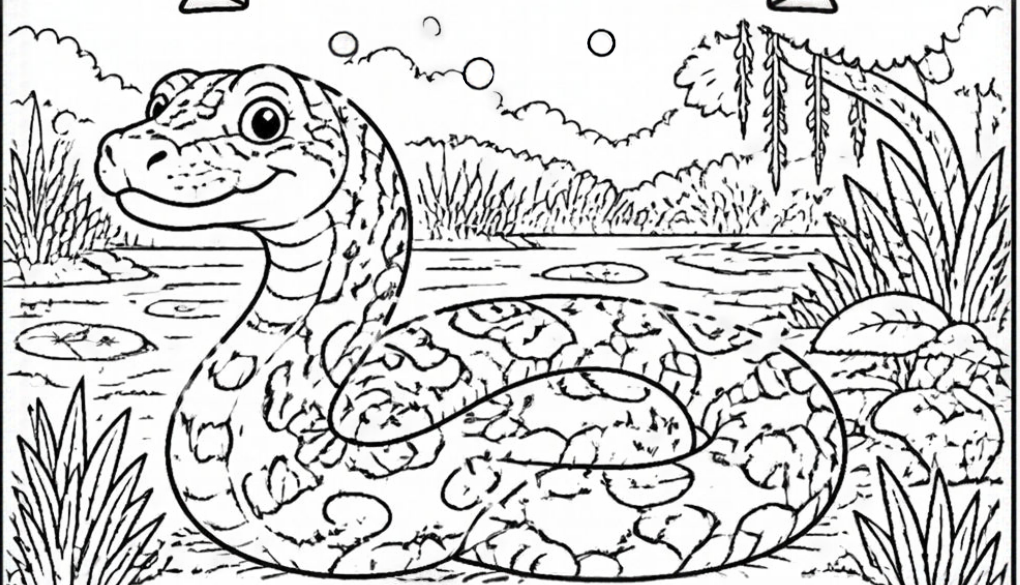

Every leopard has its own unique spot pattern. Just like human fingerprints, each leopard's pattern is unique!

The World is
FULL of Wild Wonders

ANACONDA

Powerful • Patient • Peaceful

FUN FACT!

Anacondas are the heaviest snakes in the world! They can weigh more than 200 pounds.

Anacondas can stay underwater for up to 10 minutes!

Unlike many snakes, anacondas give birth to live young!

TURTLE

Steady · Strong · Resilient

FUN FACT!

Some turtles can breathe through their butts!

A turtle's shell is actually part of its skeleton! It's made of more than 50 bones, including parts of its backbone and ribs.

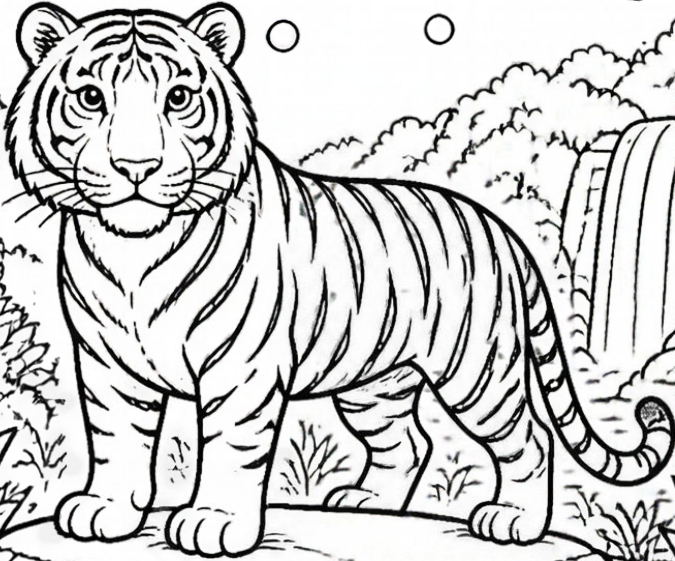

Sea turtles can navigate across entire oceans and find their way home!

The World is
FULL of Wild Wonders

TIGER

Powerful · Agile · Courageous

FUN FACT!

Tigers are the largest wild cats in the world! They can weigh up to 660 pounds.

Each tiger has unique stripes, like a fingerprint.

They are stealthy hunters and can leap over 20 feet in a single bound!

The World is
FULL of Wild Wonders

RED PANDA

Adorable • Playful • Gentle

FUN FACT!

Red pandas are not actually pandas, they are more closely related to raccoons! but they also enjoy fruits and berries. They have bushy tails that help them balance on trees. Red pandas are excellent climbers and spend most of their time in trees.

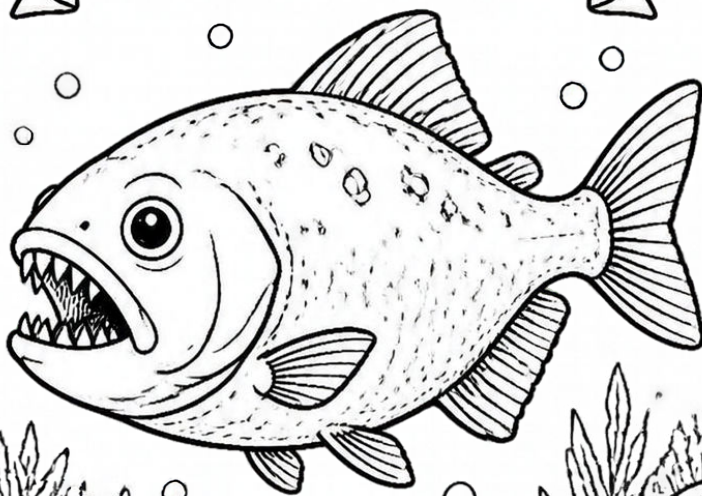

The World is
FULL of Wild Wonders

NATURE LOVING KIDS

PIRANHAs

Fast • Strong • Sharp

FUN FACT!

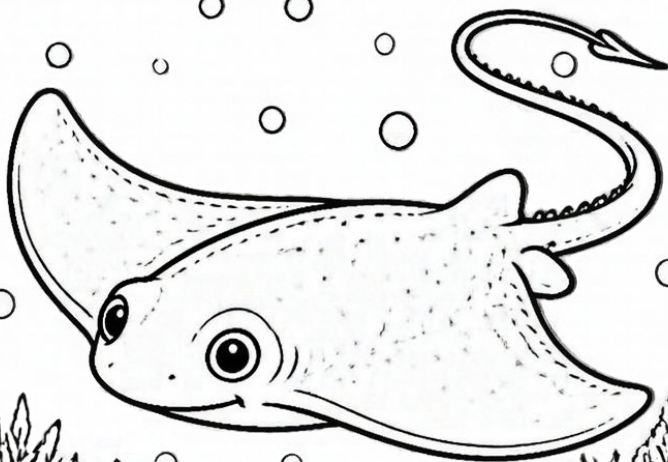

Piranhas have very sharp teeth that fit together like scissors! They swim in groups called schools, which helps keep them safe. Piranhas are important to their ecosystem by cleaning up and keeping the water healthy.

The World is
FULL of Wild Wonders

STINGRAY

Graceful • Gentle • Unique

FUN FACT!

Stingrays are relatives of sharks and live in oceans all over the world.

They have eyes on top of their heads so they can see while resting on the sea floor.

Stingrays help keep the ocean healthy by eating animals that live on the sea floor.

The World is
FULL of Wild Wonders

SKUNK

Peaceful • Helpful • Resourceful

FUN FACT!

Skunks have a special spray that can help protect them from danger.

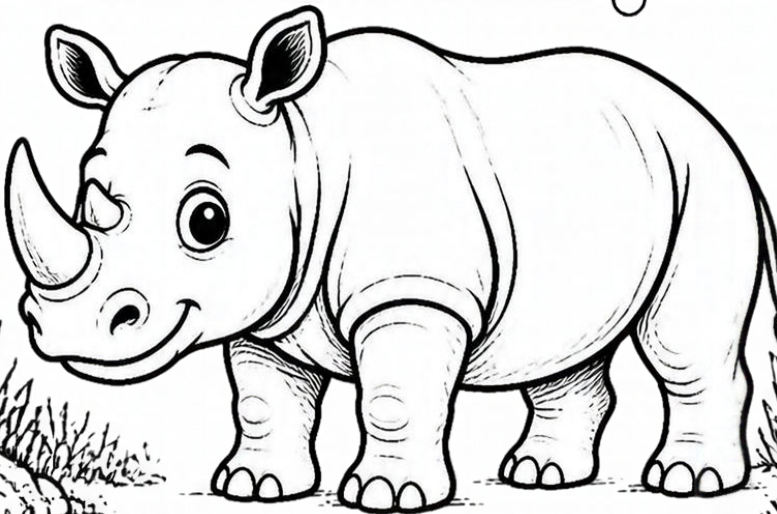

Skunks are actually good neighbors because they help control bugs like mice and pests. Baby skunks are called kits and are very playful!

The World is
FULL of Wild Wonders

RHINO

Strong • Gentle • Important

FUN FACT!

Rhinos have one or two horns on their nose made of keratin—the same material

as your hair and nails!

Rhinos may look tough, but they are gentle by helping shape the places they live.

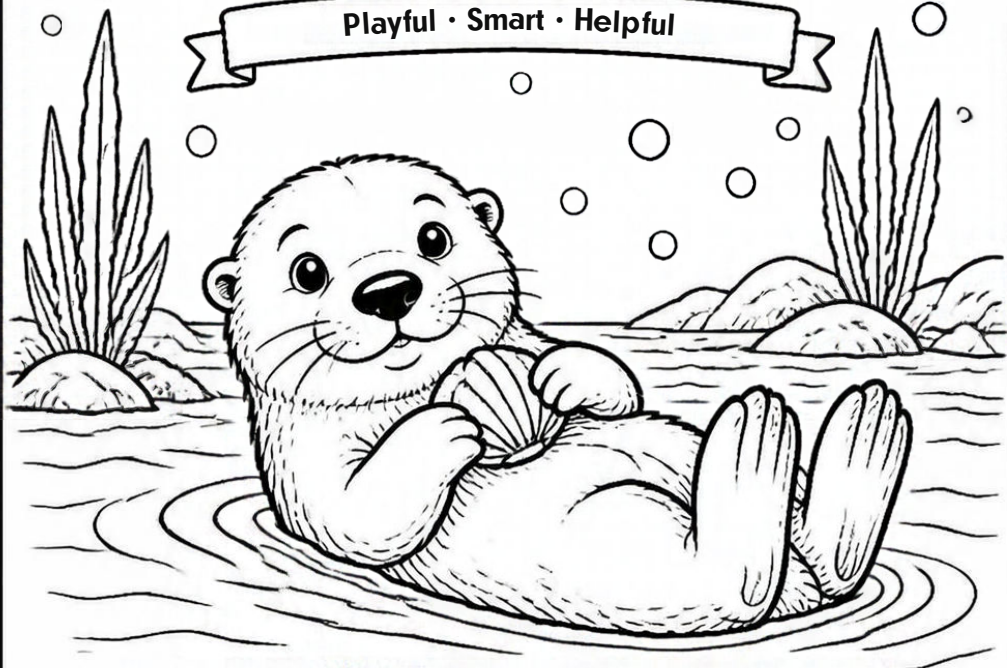

Baby rhinos are called calves and stay with their moms for a long time!

The World is
FULL of Wild Wonders

SEA OTTER

Playful • Smart • Helpful

FUN FACT!

Sea otters have the thickest fur of any animal—up to one million hairs in a square inch!

Sea otters use tools like rocks to crack open hard shells and find tasty food. They hold hands while they float so they don't drift apart from their friends.
